

# Hot Air Balloon

a planning tool

Where are you going?

What might  
blow you off  
course?

What  
makes the  
fabric of  
your plan?  
(The main  
things  
holding it  
together)

Who do you want  
in the basket with  
you?

What might  
stop you  
taking off  
on your  
plan?

What do you need to  
keep in balance to  
make it work?
